Vol. 9, No. 44 EDMONTON, ALBERTA, WEDNESDAY, OCT. 31, 1956 Section One—12 Pages

MANY DISTRICT FARM WINNERS AT EDMONTON LIVESTOCK SHOW

EDMONTON (BUP) — The week-long Edmonton fall show and sale of sheep and swine has concluded, with trophies going to top exhibitors from throughout the province.

The Dean Sinclair Memorial Challenge trophy for the best four purebred hogs was won for the third time in five years by Ernest E. Prill of Mannville. C. H. Borwick of Drumheller took the W. R. Cornish trophy for the best three purebred ram lambs from one exhibitor.

Winners of commercial sheep and swine judging competitions were J. C. Clennett of Mannville, James Wyllie of Vegreville, and N. J. Shopland of Rochester.

Clennett took the sheep judging competition and Shopland and Wyllie tied for honors in judging swine.

Prices and volume of sales dropped from the 1955 level.

Figures for sales, with the 1955 results in parenthesis, are: 90 Yorkshire boars at an average of $81.50 (141 at $81.50; 132 Yorkshire sows at $66.81 (185 at $73.21); 19 Tamworth boars at $74.86 (20 at $93.75; and 10 Tamworth sows at $66.25 (17 at $66.33).

A 17-year-old Leduc youth, Peter Wyllie Jr., took the Great Western Garment Co. award for the best bacon hog in the commercial show. He is the nephew of James Wyllie of Vegreville, winner in swine judging.

The medallion and champion's ribbon went to Ernest Reishus of Viking for the best market lamb in the show. The reserve champion was N. J. Shopland of Rochester.

A Mannville farm girl, Joan Clennett, also 17, was given the nod for three of the six first places in the junior farmers' competition. She attended the show with her grandfather and two brothers. She received top prizes in the junior sheep judging competition, the junior lamb trimming for ages 16 to 21, and the judging of sheep entered by juniors.

Norman Withers, age 13, of Lavoy, took top awards in the junior lamb trimming for 10 to 15 year olds, Peter Wyllie the judging of bacon hogs, and Larry Bergnof, Camrose, the junior swine judging competition.

Plan Bigger Boating And Cabin Facilities

LAC LA BICHE — Mr. and Mrs. Sampietro, who operated the boating and lunch room concession at Beaver Lake this past summer plan enlarged facilities for next summer. They will have four or five more boats to rent, making a dozen altogether.

Plans are also being considered for the erection of several overnight cabins.

This past summer, due to publicity sponsored by Lac la Biche merchants in 22 weekly Alberta papers, a large increase in tourists was noted in the area. Credit for this idea must go to the originator of it — Michael Hamar.

Town Council Meets

LAC LA BICHE — Oct. 23 was the date for regular semi-monthly meeting of town council, but due to the fact that several councillors were out of town, there were not sufficient members present to form a quorum. Business will have to wait till another meeting can be called.

Lac la Biche ATA Elects Officers

The teachers of Lac la Biche School Division attended the teachers' convention in Edmonton, Oct. 22 and 23. The teachers held the local ATA meeting in the Masonic Temple.

The following officers were elected: honorary president, G. Filipchuk; president, F. McMillan; vice-president, H. Senetza; secretary-treasurer, Sister A. Blais; councillors, P. Piquette, Mrs. J. Cunningham; salary and policy committee, F. MicMillan, H. Senetza, E. Makowichuk, P. Mulyk, J. Mercer, W. Sachko, A. Girard; track meet and sports, A. Salahub, A. Girard, E. Makowichuk, Mrs. E. Uganetz, H. Senetza, R. Varze; public relations, Mrs. T. Sykes, Mrs. M. Kinsman.

We Congratulate

Mr. and Mrs. Leo Bourassa of Berny on the birth of a son, Oct. 11.

Mr. and Mrs. Daniel Plamondon, formerly of Avenir, on the birth of a son in St. Catherine's Hospital, Lac la Biche.

Helping people in their battles in life is just as heroic as rescuing the victims of misfortune.

$500,000 Project At Lac la Biche Airport

LAC LA BICHE — Reports are current locally of a major development at the Lac La Biche airport and it is expected that about $500,000 of improvements will be started at some time in the near future.

It is likely that the weather station will be removed to the actual airport site, and radar installations will also be part of the new plant.

Some years ago it was believed Lac La Biche would be chosen as the site of a major RCAF base, but a shift in plans resulted in Cold Lake being selected. The new, projected development at Lac la Biche will be welcomed by local citizens as a step foward an era of business expansion.

Couple Celebrates Golden Wedding

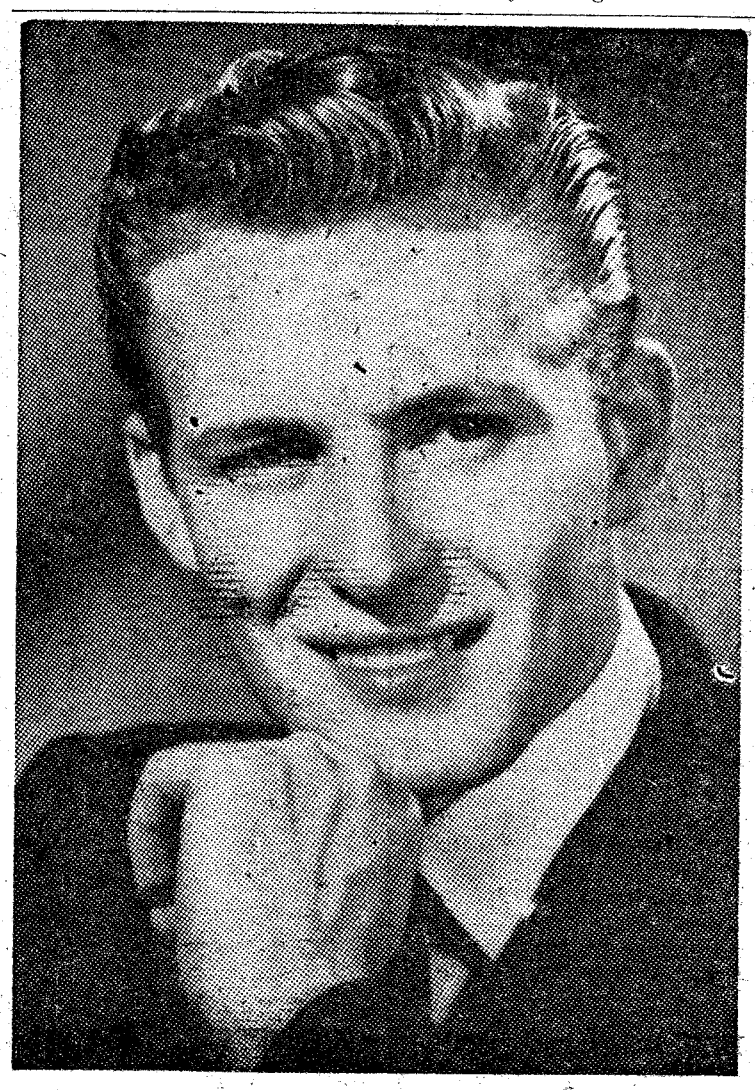
HYLO — Mr. and Mrs. Joe Michetti celebrated their golden wedding anniversary at Hylo, Oct. 20. The church was fittingly decorated for the occasion and dinner and supper were served at the Hylo Hall for 125 guests. The four-tiered wedding cake was flanked by bouquets of wheat rosebuds, oats and sprays of yellow roses.

Teh hall was decorated for the occasion with golden bells and golden streamers.

Mr. and Mrs. Michetti have a family of five boys and four girls, who have families of their own and live in the surrounding district. They also have 41 grandchildren and two great-grandchildren.

In 1910, Mr. Michetti came from Italy to the United States, and in 1916, settled in Hylo where Mrs. Michetti joined him.

At present retired, the couple are still on the same land they chose 46 years ago.



TOMMY COMMON, sensational new singing star of the CBC television program "Country Hoedown" which appears on the CBC interconnected network from 10:00 to 10:30 p.m. each Friday.

Fire Brigade Recommends Chimney Cleaning, Fire Escapes

LAC LA BICHE — Under the leadership of Chief E. G. Dobson, ("Dobbie" to all who know him), the Lac la Biche Fire Brigade meets each Wednesday, either for practice, the study of fire prevention, or just a business meeting.

This week the question of chimney cleaning was discussed. Some members expressed the view that brigade should encourage someone to obtain the proper equipment and canvass the town, making a certain fixed charge for cleaning chimneys. They said they believed many home owners would be glad to pay a reasonable fee for the satisfaction of knowing that the chimney was clean to begin the winter season. Many serious fires have been caused by dirty or defective chimneys.

Another subject which received considerable discussion was proper fire escapes for two-storey buildings. It was stressed that the law requires approved fire escapes for any building where upstairs rooms are being rented. On making a quick survey of town buildings, a list of those which were believed to be without the proper escapes was made. These cases will be looked into, and where required, the brigade will see that owners take steps to provide escapes.

Some useful and informative technical material relating to fire prevention was read and discussed. By meeting regularly and keeping posted on fire prevention, as well as keeping themselves in practice, the brigade is better able to give guidance on such matters and better able to do their job when the fire alarm is sounded. Every week is Fire Prevention Week as far as the Lac la Biche Fire Brigade is concerned.

W.I. News

LAC LA BICHE — The October meeting of the W.I. was held at the Dr. Swift School. After the roll call, a question and answer period was held. The minutes were read and approved then reports from standing committees were heard.

The canvass for the C.N.I.B. netted $75.25 with only four canvassers out. After the correspondence had been read a short sing-song followed.

The next meeting is to be held at the home of Mrs Marshall Hamar. Miss Montalbetti will demonstrate the making of party sandwiches. After the meeting adjourned the members and their guests played bingo and were served lunch by Mrs. Booker, Mrs. Kostad and Mrs. Kelly.

Owl River

Otto Kampke has been hauling grain to the elevator for farmers of the community.

Master Jerald Verschoor has missed several days from school due to illness.

Mr. and Mrs. Joseph Ray, Jr. and family and Mrs. Pruden of Lac la Biche, were recent visitors in the home of Mr. and Mrs. L. T. Diesel.

Miss Peggy Hovde is now attending school at Owl River No. 1.

Jean and Andrew Thompson were overnight guests of the Mihalcheon family recently.

The T.B. X-ray unit will be at Owl River No. 1 School and also at Owl River No. 2 School on Nov. 7. Everyone in the community is asked to take advantage of this free service.

Back Home In Hong Kong

LAC LA BICHE — Last week the Aurora Theatre featured "Love Is A Many Splendored Thing", a good picture that was well accepted by theatre-goers in town. Locale of the story was the British Crown Colony of Hong Kong.

Jack Wolstenholme, a veteran of many years spent in service in the British army, viewed the picture with more than usual interest. Back in the days of the Tien-Sin rebellion, he served three years in Hong Kong. Though the colony has since become a modern city, Mr. Wolstenholme says he recognized many of the familiar places in the crowded oriental port.

Trenches Dug For Sewer Installation

LAC LA BICHE — Bert Troyer of Smoky Lake has arrived in town with his equipment for digging trenches for water and sewer installations, and already trenches are being dug at various points. Some of the town's valves and manholes will be dug up and repaired first.

Then there are to be a number of new installations. At present, six have applied, although it is expected that this number may increase by two or three.

Mr. Troyer and his crew were here last year when several water and sewer lines were installed.

Jimmy Piquette Wins Busy Bee Contest

Jimmy Piquette was the winner of the Alberta Social Credit League, Busy Bee Contest for the month of July - August and received a nice five dollar bill as first prize winner.

Jimmy was very happy about this as it is the first time he has won a contest.

ANGLICAN MISSIONS CONTINUE TO DRAW RECORD NUMBERS

An eagerness to hear the Gospel continued to draw record numbers to the mission services currently being sponsored by the Anglican Church of Canada.

During this past week services have been held in St. Paul's church, Boyle on Monday, Tuesday, and Wednesday. At the end of the week the mission team moved on to the church of the Holy Trinity, Grassland.

The missioner in these two parishes was the Rev. Professor J.R. Fife, Croix de Guerre, M.A. (Oxon), L.Th., of Emmanuel College in Saskatoon, Sask. Professor Fife's quiet but persuasive manner drew many people out, night after night. Both in Grassland and in Boyle, all attendance records for recent years were shattered.

Drawing from a varied minstry of over 20 years professor Fife gave a mature presentation of the faith. First in these parts as a student in the 1930's, the Professor later studied at the University of Oxford, where he won his Master's Degree. During the Second World War, he was a chaplain with the 2nd Canadian Infantry Division in France and North West Europe. For distinguished service in the face of the enemy he received the Belgian Croix de Guerre. He has since serve on the staff of Christ Church Cathedral in Victoria, B.C. and All Saints' Cathedral in Aklavik, the most northerly cathedral in the world. More recently he has been professor of New Testament languages at Emmanuel College, Saskatoon.

The mission team was made up of the Rev. Glen Ash of Colinton, the Rev. Bernard Hart of Boyle, the Rev. R.S.H. Greene of Lac la Biche, Captain Clarence Babcock of the Church Army stationed in the Anglican Mission at Smith and Hondo, and the Rev. J. G. Gibbons rector of All Saints parish in Athabasca. Mr. Gibbons, who is a native of Alberta was born in the town of Gibbons which derived its name from his grandfather. Mr. Gibbons, a navy veteran and graduate of St. John's College in Winnipeg, Man., will be the missioner in Rich Lake and in Christ Church, Wandering River. He will also be the special speaker at the 2nd anniversary service to be held in Rich Lake School on Sunday, Oct. 28 at 3 p.m.

Homemaker's Corner

By DORIS MONTALBETTI

HALLOWE'EN FARE

Hollowe'en with its witches and goblins has almost become a season, rather than a day. Along with special plans for costumes and ghost-time gatherings, there's plans in the wind for something hearty and different to eat.

To begin with, take time to decorate your table. For centre-piece use rough-skinned crooked-necked squash as candle-holders and a big pumpkin as a container for the punch bowl — attractive and imaginative.

The fixings of a meat-in-one-dish can be made the night before. Boil potatoes in their jackets until they can be pierced with a fork. Drain and skin. Cut into cubes and keep in covered dish. Make a white sauce, using chopped onions and peppers browned in butter, add your flour and milk. An hour before serving combine potatoes and sauce. Stir in brown'n serve sausages cut in half. Canned pork sausage can be used or fresh pork sausage that has been thoroughly cooked. Pour your mixture into a casserole and bake in 350° oven for ¾ hour. Serve this with a plate of sliced cool crisp cucumbers, large sweet onions and tomatoes.

Then for dessert serve large doughnuts with scoops of vanilla ice cream in the middle topped with chocolate sauce.

For candied apples. Melt a large package of caramel candies in a saucepan, and add two tablespoons of water and you've got it made. Dip your apples in this and set them on wax paper to cool.

Happy Hallowe'en to you all and don't forget that October is National Cheese month.

Spruce Valley

Steve Maheden has arrived home from Fort Smith, B.C.

Mr. and Mrs. Fred Ryl have sold their store and will move to Edmonton shortly.

Teresa Echo Kanarek celebrated her 5th birthday recently.

John Shymoniak is home to help with the threshing.

Mr. and Mrs. John Strumelak are selling out and moving to Edmonton.

Frains

Mrs. Inga Shand from Edmonton and Alfred Stakke, who is with Pacific Western Airlines in Northwest Territories, and Mr. and Mrs. Walter Harrynuck from Boyle, Mr. and Mrs. Harry Turko, Mike Turko and Bill Sadoway from Newbrook, were week-end visitors at the home of Mr. and Mrs. Jack Shwetz at Frains.

Joe Kuzyk and son, Steve, Mike Kowalyk, Mrs. Kowalyk, Rosie and Johnny, attended a wedding at Weasel Creek last week-end.

Archie and Eddy Shwetz were home for the week-end from Edmonton.

Lawrence and Albert Nahorney were also week-end visitors to Frains district from Edmonton.

Raymond Kolach shot a fair-sized coyote recently.

The boys from this district are leaving the farms for the winter to seek employment.

Mr. and Mrs. Humeny from Boyle invited many people of the district to the wedding of their son, William.

Juliana Kolach won a prize at the amateur hour held at Grassland.

District Farmers Observe Modern Bldg. Methods In Erection Of 'Pole Barn'

By J. D. SKINNER

A building demonstration on the Masterson farm, southwest of Mayerthorpe, last week will stimulate interest and give direction in the planning of farm buildings, improved and lower cost methods for the care of livestock, and modern homes for the farm in the Municipal District of Lac Ste. Anne.

This unique event described as a pole barn demonstration was sponsored by the VLA Edmonon Regional office, under the direction of Allen Glenn, settlement officer at Mayerthorpe. Co-operating with Mr. Glenn were Canada Creosoting Co. Ltd., Canadian Plywood Association and Muttart Lumber Co. Ltd.

A beginning had already been made in the construction of the pole barn, the dimensions of which are 24x120 feet, but to give visitors an opportunity to view actual construction, work was carried on for several hours during the day under the edirection of C. A. Cheshire, extension engineer, provincial department of agriculture; and Stan Wood, VLA construction supervisor.

The cost of material for a barn of this type is about $1800. The work can be done by unskilled labor, and the value of this pole type loose housing for beef and dairy stock, is said to have now been established beyond question. This type of housing gives promise of being a definite move in the direction of production line farming methods.

A loudspeaker provided for the occasion was greatly appreciated by the interested gathering. G. P. Puffer, VLA Settlement Officer, in in a pleasing and effective manner, discharged the duties of master of ceremonies.

Adding to the interest of the occasion was the number of the distinguished visitors among whom were: R. L. F. (Dick) Hanna, M. P. for Edmonton-Strathcona; Jack Trower, CBC farm commentator; Scott Flewitt, Call of the Land; Messrs. Newman and Bowman, Lacombe Experimental Station; Mayor Leo Crockett, Mayerthorpe, and D. P. McKeen of Sangudo. Representing the provincial department of agriculture were Fred Newcombe, director of extension; S. S. Graham, assistant director of extension; B. Jeffery, district agriculturist of Mayerthorpe.

Representing the Veterans' Land Act, in addition to those already mentioned were D. J. Macdonald, director of extension services for Alberta; George O'Brien, Edmonton regional supervisor.

Under the direction of Mrs. W. W. Collier and Mrs. Allen Glenn, the Ladies' Auxiliary of the Mayerthorpe Branch of the Canadian Legion, served an appetizing lunch during the afternoon. They were ably assisted by A. Vanderlees, manager of the National Tank Co. Ltd at Edmonton, and Gordon Thompson, manager of the Alberta Life Insurance Co., who carved the barbecue supplied by Earl Masterson.

But the attraction for the ladies was the prefabricated house well advanced in construction under the supervision of Muttart Lumber Co., whose representatives Bill Drager and Dick Fletcher were kept on the jump answering questions as to construction and costs of pre-fab houses. A decided advantage of the pre-fab building is that practically all of the construction work can be done by the farmer himself.

Created by this demonstration is a new look and a brighter outlook for the farmer and the farmer's wife and family.

A Cool Dip

RICH LAKE — Young Oscar Waine took a cool dip recently. While getting water from a shallow well, he decided to dip the pail in the water instead of using the usual short rope. He lost his balance and fell head first in the well. He managed to get out and was none the worse for his rather cold dip in mid October.

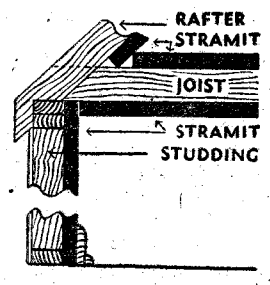
STRAMIT 2" THICK 4' WIDE
on the Farm
YOU CAN BUILD
INSULATE
RESIST FIRE
all at one time, one low cost!
STRAMIT for the FARM HOME

Modernizing your farm home is easier, quicker, definitely cheaper when you build with STRAMIT! Only STRAMIT gives you — at one time, in one low-cost material — a tough, rigid building board AND a lightweight, smooth-surfaced wallboard. Plus high sound-deadening value, effective fire-resistance and hot-cold insulation!



STRAMIT may be used in several areas as desired—gives you insulation plus rigidity!
STRAMIT, produced under license in Innisfail, is made by pressing clean, heat-treated straw into solid building slabs of incredible structural strength. Fire-resistant STRAMIT is completely fire-proof when plastered on both sides. Used extensively in Europe and America, it has the approval of governments whose building and fire codes are among the strictest in the world.
Pre-stressed STRAMIT cannot warp. Use it for roof-decking, walls, ceilings. When you build a partition with STRAMIT you erect both sides at once! The smooth Kraft paper surface can be papered, painted, plastered or stuccoed. For unique decorative effects a special type of STRAMIT is available from which the paper cover can be stripped—use the exposed straw in golden varnished color or painted for texture effects!
You'll find STRAMIT easy to work with . . . you'll find it saves time, money and labour!

Liberals To Meet At Calgary Convention

Liberals from all parts of Alberta will gather in convention in Calgary on Nov. 13 and 14 to consider, discuss and make recommendations concerning Liberal party policy in both the federal and provincial fields.

Highlight of the proceedings will be the banquet address of the Hon. Walter Harris, minister of finance, Ottawa, on the evening of the 13th.

J. Harper Prowse, Liberal leader in Alberta since 1947, who saw his group in the legislature increased from four to 15 in the 1955 election, will speak at 2 o'clock on Tuesday, Nov. 13. Also scheduled to address the delegates is the Hon. George Prudham, Alberta's cabinet minister and member for parliament for Edmonton West. John Decore, M.P. for Vegreville, will discuss problems pertaining to the marketing of wheat.

Mrs. A. G. Virtue of Lethbridge, president of the Alberta Liberal Women's Association, will report to the convention, as will Ralph Walker, president of the Alberta Young Liberal Association.

President of the Alberta Liberal Association, Wilf J. Edgar of Innisfail, anticipates an attendance of around 300 delegates. Named as committee chairmen by the executive at a meeting in Edmonton recently were Andre Dechene, Q. C., Edmonton, Resolutions; Hugh John MacDonald, M.L.A., Calgary and R.F.L. Hanna, Edmonton, Organization and Education; Edwin Davidson, Coaldale, Nominations; and D. B. MacKenzie, Q. C., Edmonton, Constitution.

The Advisory Council of the Association will meet in Calgary the day prior to the convention.

Rich Lake

Ace Maki, Peter Suhan, Steve Onciual and Terry Kumpula motored home from threshing this week. They have been in the Edgerton district for approximately two months.

John Waine went to Edmonton this week for a medical check-up.

School students enjoyed holidays on Oct. 22, 23, 24 while the school is closed for the teachers convention which is being held in Edmonton.

Divisional carpenters are busy at the school building outhouses which will be oil-heated this winter.

Residents attending the Fibber MacGee show in Lac La Biche on Oct. 20 were; Mrs. Martha Sward, John Kitala, Oscar Waine Sr., the Tom Waine family, the Ray Kumpula family, and Mrs. Fiina Kumpula.

Volkswagen Sells "Like Hot Cakes"

LONDON — Ford Motor Company President Henry Ford II was reported here as saying "nobody quite" knows the reason for the sales success of West Germany's Volkswagen automobile "but we've got to find out, quick."

The London Daily Mail's auto reporter quotes Ford, here for the London motor show, as saying:

"Germany's Volkswagen is selling like hotcakes overseas—not because it is better in bodywork or machinery.

"Nobody quite knows the answer to it. But we've got to find out, quick."

Calgary Lions To Continue Bingo

(BUP) — The president of the Calgary Lions Club today announced the organization would continue to sponsor bingo games, but that they would be kept "controlled as has been done in the past."

Joseph Canfield told the luncheon meeting of the club that the directors were of the opinion there has been much unnecssary publicity in the press regarding the valdidity of bingos.

He said they had not received any criticism with respect to bingo games and that the Lions Club intend to continue these games and keep them controlled.

The Edmonton Lions Club announced earlier in the week they would discontinue holding bingo games.

Baby Girl Found In Town Dump

JASPER PLACE (BUP) — Jasper Place police and RCMP are investigating the discovery of the body of a baby girl, a few days old, found at the town dump.

The body of the baby was wrapped in towels and placed in a cardboard box. An autopsy in Edmonton showed the baby was normal and had lived following birth.

A search is being made for the mother who abandoned the child, police said.

Police believe they have pinpointed the area of the town from where the box was picked up by refuse collectors.

Socreds, C.C.F. Name Candidates

EDMONTON — Five more nominating conventions for federal constitutencies in Alberta have been announced by the Social Credit and CCF parties in preparation for the next federal election.

The CCF will hold a nominating convention at Onoway, Oct. 27 for Jasper-Edson and at Mundare Nov. 3 for Vegreville.

A Social Credit nominating convention will take place at Innisfail Oct. 31 for Red Deer where E. D. Shaw, Social Credit, is the member.

Other Social Credit conventions will be held for Bow River Oct. 24 and for Macleod Nov. 3. C. E. Johnston, Social Credit, is the member for Bow River, and Rev. E. G. Hansell, Social Credit, for Macleod.

Earlier this month, the Social Credit party announced nominating conventions for Medicine Hat, Nov. 3 and Jasper-Edson and Wetaskiwin, Nov. 14.

The CCF party also announced it will hold a nominating convention in Stettler, Saturday to select a candidate for the Nov. 15 provincial by-election caused by the death of the former Social Credit member, John E. Clark.

The Improvement Districts Stray Animals Act

T.B. Clinic Notes

By AUDREY COAST

LAC LA BICHE — For the past four weeks we have reported in this paper regarding the T.B. x-ray clinic coming to Lac La Biche Nov. 2, 3, 5 and 6, in the Memorial Hall from 9:00 a.m. to 12:00 noon and from 2:00 p.m. to 5:00 p.m. daily. Evening appointments can be arranged.

Would any adults not receiving appointment cards please try to attend on the 2nd and 3rd so that the 5th and 6th may be left free for the x-raying of the school children.

To review—First, why should you be x-rayed? So that you can determine whether or not you have TB. As stated previously you can have T.B. without knowing it in which case, you will require treatment. You can be treated and/or isolated so that you do not pass on the germ to your family and friends.

Second, after the x-raying, you may be required to go to a sanatorium for treatment. To remind you again, while in the san you are not only protected from other people's germs, others are protected from yours. As well as receiving the most up-to-date treatment, you will be assisted in getting back to normal after you are released from treatment.

Third, once you return home after your case has been cured or arrested, it will still be necessary to take care of yourself. This care consists of proper rest, proper food and freedom from undue strain or activity.

Remember your x-ray, it's all absolutely free and to your advantage.

Let's make it a 100% turn-out!

Family Re-Union

FRAINS — A family re-union was held at the Nahorney home, when Mrs. Nahorney's brother and sister-in-law, Mr. and Mrs. Bill Melnechuk and baby, Debbie, from Simcoe, Ont. visited them after an absence of eight years.

Along with them were Dr. and Mrs. Melnechuk and family from St. Paul, Mr. and Mrs. Proskiw and family from Beauvallon, Mr. and Mrs. Kilba, Lawrence with his fiancee, Bernice Theisen, and Albert, all from Edmonton.

The men enjoyed hunting and fishing at Buck Lake and Peirson Lake.

Atmore

A wedding of interest to the Atmore district took place in Edmonton on Sept. 15 when the second eldest son of Mr. and Mrs. Allan Baldwin, Garry, was married. Stan Ballard, Rodrick Baldwin, and Max Stanchfield from Atmore motored to the city for the celebration.

Mrs. Madeline Henderson of Vancouver is visiting her parents, Mr. and Mrs. John Fischer.

With the recent mission held in Anglican Church, Grassland, a host of visiting clergy have called on the Protestant families of this area. Their ministry has not only been one of words, but of action. With great sacrifice of themselves, they transported folk from the outlying points where no family cars were available, to the services on Thursday and Friday evenings.

Mr and Mrs. Jerry Baldwin are holidaying in Atmore with "Grandma" Baldwin.

Mr. Delor Shank spent a week with his family in Atmore recently.

R. Matheson motored to Chipman at the week-end to fetch Mrs. Matheson and daughter, Peggy, home after a pleasant stay at the latter's maternal grandparents.

Another wedding of wide interest was solemnized Oct. 20 when Bernard the youngest son of Mr. and Mrs. George Dakin, took Marcelle, youngest daughter of E. Belanger and the late Mrs. Belanger as his bride in the Plamondon church. The happy couple will reside in Kitimat, B.C.

Plans are well underway for the forthcoming church bazaar to be held late this month.

Mr. and Mrs. L. Cyr and Cliff of Legal visited relatives here last week.

The mammoth auction sale at the Ira McKenzie farm last Wednesday proved successful in spite of the chilly north winds. The hot dogs and coffee sold by the Altar Society were most appreciated.

Lucien Gauthier has returned home from Anzac for a brief vacation.

Mr. and Mrs. I. McKenzie and Robert have taken up residence in Atmore.

Berny

Edmond Duperron is back home after threshing in Normandeau.

Emy Colsey was a week-end visitor at the home of Mr. and Mrs. Ulric Menard.

Miss Cecile Menard is employed at the home of Mr. and Mrs. Leo Bourassa.

The Calgary power men are now working on the roads. Farmers hope to have the power by Christmas.

Persons who motored to Edmonton in the past weeks were Narcisse Menard, also Johnny Menard with Raymond Gauthier, Remi Cote, Josepha Cote and Miss Simonne Menard with Bernard Dakin and Miss Marcelle Belanger.

School children enjoyed three days holiday while the teachers attended the convention in Edmonton.

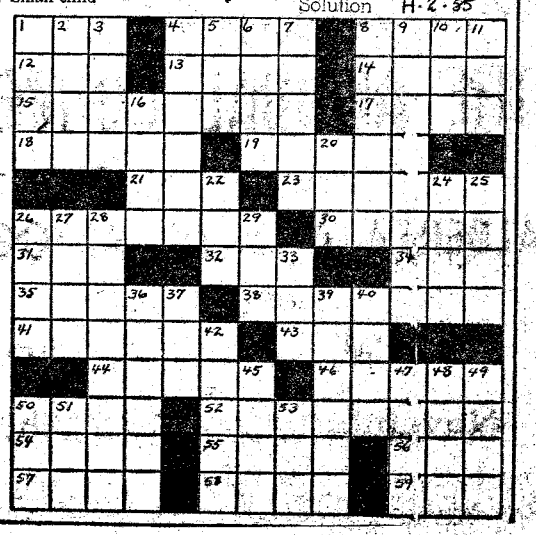
Solution H-2-55



DISTRICT AGRICULTURIST NOTES

By J. S. LORE

Control Lice In Cattle Now: —

Lice rob farmers and ranchers of dollars! They can torment the animal to such an extent that feed consumption is lowered with the resultant loss in weight, loss in the production of milk, and sometimes life.

Although the lice should be killed wherever and whenever they are found, fall is an excellent time to do this work.

The best treatment is by spraying from now to the advent of cold weather. Pest control supervisor, W. Lobay, Alberta Department of Agriculture, recommends an insecticide spray of 350 to 400 lb. pressure, but if a sprayer is not available or few cattle are to be treated, the insecticide can be applied with a pail and scrub brush. All animals should be thoroughly sprayed, paying particular attention to animals which are perpetually "lousy". Two sprayings are necessary about two weeks apart; the first to kill the lice present, the second to kill the later hatch.

For beef cattle linadane and DDT, among others are useful insecticides. A 50% linadane wettable at ½ lb. in 80 gallons of water or eight lb. of wettable 50% DDT in 80 gallons of water make a suitable spray. These should be used a month prior to slaughter otherwise resort to such insecticides am methoxychlor, rotenone, of pyrenone.

The use of DDT on dairy cattle is not recommended. Methoxychlor, at a rate eight lb. of 50% wettable powder in 80 gallons of water will do a good job. Retenone and prenone sprays are also effective.

All insecticides should be used with care, and directions and precautions on the label of the container, should be faithfully followed.

Individuals, as well as livestock spraying associations, should be making plans for cattle spraying now, if they have not already done so. Cattle free of lice are thriftier and will give greater returns from the feed consumed than infested cattle.

Avenir

Mr. and Mrs. Albert J. Plamondon, from McMurray where Mr. Plamondon is employed, came home for a short visit with their son Romeo who has taken over his father's farm, while he is away.

On Oct. 13, a birthday party was held at the home of Mr. and Mrs. Alex Stratton, for Clara on the occasion of her 18th birthday. Dancing was enjoyed by the many young friends who attended. Later in the evening lunch was served.

Mr and Mrs. Albert J. Plamondon, of McMurray were recent visitors to Plamondon and Avenir.

Felix Powder and Mrs. G. Ladouceur, went to Edmonton, recently for medical treatments.

Mrs. Alex Stratton is a patient in the St. Catherines Hospital at Lac La Biche.

Wilbert and Marcel Plamondon, came home for a visit from Edmonton, where they are employed.

Caslan

The B and B gang did some repair work on the railroad in the Caslan district.

John Slamko motored from Edmonton last week-end to visit his mother. Mrs. Slamko returned with him with plans of spending the winter in the city.

Miss Edna Meyer accompanied her mother to Edmonton, where Mrs. Meyer will enter a hospital for another operation on her eyes.

The school children had a few days' holiday, when the teachers of the Lac la Biche School Division attended the teachers' convention in Edmonton.

Repair Bus Route

The government road crew have begun work on the road on the east side of Plamondon Bay. This is a bus route and is almost impassable after a rain.

Residents in the district are pleased to see the fine job that is being done.

Homemaker's Corner

By Doris Montalbetti, D.H.E.

Are you one of the happy women behind the man with a gun? Or better still, has the man behind the gun bagged any game birds this season? If so, then you might be interested in some new cooking treatments.

Roasting is a popular method of cooking wild duck. Clean and wash birds, remove pin feathers and singe. Rub inside and out with salt, pepper and ginger. Quarter three apples, two onions, and one orange. Put in cavity. Refrigerate about two hours. To roast: set oven at 350° F. Discard filling; rub birds with lemon. Place in pan, breast side up. Cover with three slices of bacon. Dissolve two bouillon cubes in boiling water (two cups) or use beef broth, add three tbsp. butter. Roast 20 minutes, baste frequently with boullon. Raise temperature to 400° F. and cook 10 min. Orange, pineapple or grape juice combined with sherry wine may be used in place of water.

On the other hand, quail, partridge and prairie chicken are best broiled. Clean these delicate birds and split down the back. Put in a deep pan and cover with water. Cut onion in half, add bird and three stalks celery, ½ tsp. salt and dash pepper. Cover and simmer ½ hour. Remove birds from pan, drain. Brush with olive oil or melted butter and place skin side down on broiler rack. Broil till brown. (15 min.), turning once and basting frequently.

Try these recipes and see if they don't make you your hunter's favorite cook.

Unscheduled Research For Stranded Scientist

EDMONTON (BUP) — A Federal fisheries research scientist, who was stranded for 19 days in the Arctic, has found some unscheduled research into survival fishing rewarding.

John Gerald Hunter said the standard 18-foot fish nets carried in many civilian plane survival kits is good for streams but not for lakes. He and his wife and two pilots were forced down on a small unnamed lake in the Northwest Territories Sept. 28.

Hunter said he recommends a net 50 to 75 feet long and six feet deep, with a 3½-inch mesh. Made of nylon, the net would only weigh about 1½ pounds, he said, and could be carried on board light aircraft.

The group used fish as a staple diet while they awaited rescue from the lake.

LAC LA BICHE Alta.

Coleman automatic low-cost oil heating

Saves space — takes up no living room. It's simple to install—no basement, no excavating, no costly plumbing. And no air ducts are required! The new Coleman Oil Floor Furnace extends below floor level only 36". You get solid automatic oil heating comfort without work or worry.

"Here's Automatic Warm-Floor Comfort!"

The Coleman rewarms air off the floor, and circulates it for whole-house warmth. Warms 4 to 5 rooms, gives complete change of air 3 to 5 times an hour. Come in and see it!

ALSO AVAILABLE in DUAL WALL MODEL to heat adjoining rooms at same time.

Complete Installation

Comfort costs so little with a Coleman Floor Furnace

What Are Co-ops?

—Co-ops represent a legitimate expression of human freedom and initiative in economic enterprise.

—Co-ops provide a measure of security for the common man against the menace of monopolistic exploitation.

—Co-ops stand as a bulwark of responsible personal participation against threats of communistic or other state-dominated business monopolies.

—Co-ops embody the democratic principle of "one man; one vote" in economic life.

—Co-ops contribute to the abundant life by spreading purchasing power widely among farmers, consumers and other patrons.

—Co-ops contribute to the strength of the small community and the farm family.

Co-ops elevate the service motive; minimize the profit motive.

—Co-ops make it easier for those who want to apply Christian principles to business to do so.

Co-ops are People Working together for their common good. Support all your Co-operatives.
